**RESOLUTION TO PERMANENTLY DEFUND THE SECURITIES AND EXCHANGE COMMISSION (SEC)
PROPOSAL TO OFFER A NEW KIND OF INVESTMENT
KNOWN AS “NATURAL ASSET COMPANIES”**

WHEREAS, the Securities and Exchange Commission (SEC) proposal would let investors buy into stock market companies trading on the New York Stock Exchange (NYSE) for the purpose of protecting nature – including public lands – and making money; and

HORMONE THERAPY/BLOCKERS TO MINORS UNDER THE AGE OF 18**

WHEREAS, thousands of U.S. families have been weighing difficult choices amid soaring numbers of children diagnosed with gender dysphoria. They have had to do so based on scant evidence of long-term safety (e.g., bone density and infertility) and efficacy of gender-affirming treatment for minors; and

WHEREAS, according to a 2022 article in Newsweek, there was an astronomical rise in gender dysphoria especially among young women. As an example, the UK saw a 4,400% increase from the prior decade, “particularly among impressionable young people” and asking, “increasing due to social contagion?”; and

WHEREAS, there are laws that prohibit minors under the age of 18 from voting or drinking; however, due to “gender dysphoria” many are advocating to provide “gender-affirming” surgery and hormone therapy/blockers to these minors and frequently without advising their parents; and

WHEREAS, many individuals who underwent “gender-affirming” surgery regret it later and are called “detransitioners.” Permanently changing young people’s bodies (e.g. hysterectomies, mastectomies, castrations, etc.) if they don’t fully understand the ramifications of their choices can result in non-reversible procedures and life-long counseling to cope with regret; now, therefore, be it

RESOLVED, That the Wyoming Republican Party rejects performing gender-affirming surgery or providing hormone therapy/blockers to minors under the age of 18; and be it further

RESOLVED, That the Wyoming Legislature shall prohibit gender affirming surgery or providing hormone blockers to minors under the age of 18; and be it also

13. Resolution from the Republican Party of Sheridan County, Wyoming
RESOLUTION TO STRENGTHEN AND SUPPORT THE STATE OF WYOMING’S ANTI-ESG LAW

WHEREAS, including the blocking of the use of ESG in all investment decisions at the state and local level, ensuring that only financial factors are considered to maximize the return on investment, protecting retirees and taxpayers alike. 14. Resolution from the Republican Party of Sheridan County, Wyoming
RESOLUTION FOR PROPERTY TAX RELIEF WITH NO OFFSETS

WHEREAS, excessive monetary inflation through the past years has led to artificially high property valuations, which in turn has caused the rapid and drastic rise of property tax liabilities levied on Sheridan County residents; and

WHEREAS, higher taxes have led to serious hardships for homeowners and residents of Sheridan County; and

WHEREAS, the State of Wyoming reported a surplus of \$2 billion during the last budget cycle and the Consensus Review Estimating Group (CREG) estimates surplus revenue of \$860 million for the current budget Cycle; and

WHEREAS, a number of proposed bills in this legislative session fail to provide ongoing protections for property owners, or create offsets to lost revenue to the State by increasing sales tax, or do not provide immediate relief to tax payers, or have built-in year-over-year increases in valuations creating a compounding effect in tax liability; and

WHEREAS, SF0119 appears to be one of the better bills currently being considered in that it provides relief starting in January 2024, in that it rolls valuations back to 2019 prices, in that it utilizes median income changes in combination with property valuation changes and uses those to determine property valuation changes, or caps the potential increase in valuation at 3% year over year, whichever is less; now, therefore, be it

RESOLVED, Wyoming residents resoundingly demand tax relief measures be taken by legislators that are immediate, substantial, and ongoing so this scenario of escalating tax liability will not be revisited in the future.

15. Resolution from the Republican Party of Sheridan County, Wyoming
RESOLUTION TO REPEAL CERTAIN PROVISIONS OF THE UNIVERSAL COMMERCIAL CODE

WHEREAS, according to the UCC, ownership of a person's property is actually owned by another entity. Under laws in all 50 states what you actually own is a "securities entitlement." This is a new form of "property ownership" that is more like a contract between you and your broker; and

WHEREAS, if the financial system faces a systemic collapse - nearly every stock and bond that is in electronic form will be taken as collateral by the largest 'too big to fail' financial institutions; and

WHEREAS, as an example: when a brokerage company borrows money from their bank, the assets of the borrower are pledged as collateral for the loan. But if the brokerage firm becomes insolvent, say due to a systemic financial crisis, a secured lender has priority over all the accounts of the brokerage firm, including the property owner's shares of stock; now, therefore, be it

RESOLVED, That the Wyoming Republican Party endorses South Dakota’s HB 1199 which would transfer personal property ownership back to the owner rather than the broker or state, and be it further

16. Resolution from the Republican Party of Sheridan County, Wyoming
**A RESOLUTION OF CITIZENS OF WYOMING, TO LIMIT AND CAREFULLY MONITOR EARLY
ABSENTEE and MAIL-IN BALLOTS**

WHEREAS, Article 6, Section 13 of the Wyoming Constitution states, “The legislature shall pass laws to secure the purity of elections, and guard against abuses of the elective franchise.”; and

WHEREAS, accordingly, Wyoming Statutes (W.S.) 22-2-101 (b) states “This election Code shall be construed so that all legally qualified electors may register and vote, that those who are not qualified shall not vote, and that fraud and corruption in elections shall be prevented.”; and

WHEREAS, a growing majority of Americans reasonably suspect the 2020 and several subsequent elections were fraudulent, facilitated in large measure by an unprecedented expansion of no-excuse-required absentee mail-in ballots, inducing in 2020 more persons voting absentee than in-person. The chain of custody for these ballots was severely compromised; and

WHEREAS, results of the 2023 Heartland/Rasmussen survey suggest that one in-five mail ballots cast in the 2020 presidential election were fraudulent, suggesting a high likelihood that, had mail ballot/absentee ballots been responsibly limited, important elections would have been called correctly; now, therefore, be it

RESOLVED, That our elected representatives bolster our election purity, as specified in the Wyoming Constitution and Wyoming Statutes, by:

1. Directing and facilitating the principal method of voting to be overwhelmingly In-person voting ON Election Day;
2. Having strict methodologies in place for ensuring that those requesting absentee ballots are documented, confirmed residents of each Wyoming County and be U.S. citizens;

3. Requiring those requesting absentee ballots to have verified disability, which genuinely prevents election day access to the polling place, to be a verified Wyoming County resident who has travel plans preventing in-person voting on election day, or to be a Wyoming resident who is serving away in civil or military employ.
4. Mandating that acceptance of absentee ballots shall close no later than the close of business on the Friday before Election Day.
5. Establishing guardrail protections for early absentee mail ballots to require signature witness verification by notary.
6. Outlawing ballot drop boxes and ballot harvesting.
7. Promulgating significant, severe penalties for illegal voting.

GOVERNMENT ELECTED OFFICES**

WHEREAS, the Governor of Wyoming is term limited, demonstrating the feasibility and efficacy of term limits in enhancing Wyoming's governance; and

WHEREAS, the principles of democracy emphasize fair representation, accountability, and the opportunity for all citizens to participate in the governance of their state, county and municipalities promoting a robust and dynamic political ecosystem, where individuals from diverse backgrounds and experiences are encouraged to step forward to participate and contribute their time, talents and treasure to public service; and

WHEREAS, term limits encourage civic engagement and involvement by creating more opportunities for new candidates to run for public office and for citizens to actively participate in Wyoming's democratic processes while limiting the entrenched incumbency in state and local elected offices from stagnation, complacency, and apathy in correcting or passing needed, appropriate or timely legislation for Wyoming's tax paying residents; and

WHEREAS, term limits promote healthy and needed turnover in elected offices every 8 or 12 years, fostering and developing professional skills and education of Wyoming residents to publicly serve their fellow residents, state and communities; and

WHEREAS, term limits debilitate the consolidation of corruption, power and control among the electees, exclusive individuals, families, or groups of people using their elected position, wealth and influence to indefinitely control and manipulate state and local governments through financial and business predominance, thereby safeguarding the State of Wyoming, Wyoming communities and Wyoming residents against corruption, coercion, intimidation, nepotism, and financial control over publicly elected officials; and

WHEREAS, term limits revolve and rejuvenate political leadership ensuring elected officials stay connected to the needs and aspirations of their constituents by requiring career politicians to rotate through different elected positions thus developing their governmental understanding while limiting potential for positional corruption; now, therefore, be it

RESOLVED, that the Wyoming Republican Party hereby expresses its support and resolve to impel the adoption of term limits at all levels of state and local governmental offices by recognizing the benefits that term limits offer the Wyoming electorate and Wyoming residents; and be it further

RESOLVED, our American Constitutional Republic in conjunction with term limits will increase accountability of elected officials, transparency of government, enhance diverse representation, and promote vibrant and inclusive political culture that we currently do not see in Wyoming politics.

(Article 4, Sections 11 & 12)**

WHEREAS, the Wyoming Attorney General plays a crucial role in upholding the rule of law and protecting the interests of the State of Wyoming and Wyoming Residents; and,

WHEREAS, the Attorney General should be independently elected as is done in most states in our nation to ensure the sovereignty of the position, avoid compromises in the impartiality and objectivity of the Attorney General's office, ensure freedom from undue influence and control of the Governor of Wyoming or any other elected official; and

WHEREAS, the autonomy of the Attorney General is essential for maintaining the integrity of legal proceedings, investigations, and the administration of justice; and
